

**wood and finish samples** - all woods have oil finishes except those indicated for outdoor- all indoor finishes are available limed

**Oil Finish** - Our standard finish is a hand applied, polymerized tung oil finish that is water resistant and impervious to alcohol and many food acids. Polymerized Tung oil as a penetrating oil allows the wood to continue its aging process while enhancing the wood's natural subtleties, becoming more beautiful over time. Any sign of wear disappears when a thin, "maintenance" coat of oil is rubbed in.

**Limed with Oil Finish** - A limed finish is similar to a cerused or a pickled finish. We fill the pores of the wood with a pigmented wax and then wipe away the excess. The effect of our limed finish is a beautiful contrast between the filled pores and the natural color of the wood. We then apply the necessary coats of the oil finish described above.

## Strapping Leathers

### English bridle leathers

The bridle leather that we use for our strapping leathers is produced by one of the most prestigious firms in England who, for over a century, have utilized the highest quality hides obtainable and the skills of expert curriers who finish the leather by hand.

### Italian faux leathers - indoor or outdoor (indirect sunlight for outdoor)

Outdoor Strapping - textured faux leather made with polyurethane coated polyester webbing. Made for outdoor use, it is strong, easy to clean and offers UV protection.

**Upholstery Leathers** - We have chosen a limited selection of upholstery leathers from our supplier. If there's a color, finish or texture that you are looking for let us know and we will be happy to source it for you. For upholstery leather orders, choose one of the strapping leathers on the upper left.

Dear Run is a soft, sensuous upholstery leather with a natural milled texture. Deer Run is a natural leather with enough protection to provide excellent physical characteristics such as resistance to wet and dry rubs and abrasives and excellent light stability.

### deer run - pebbled grain

### diablo - smooth with slight grain

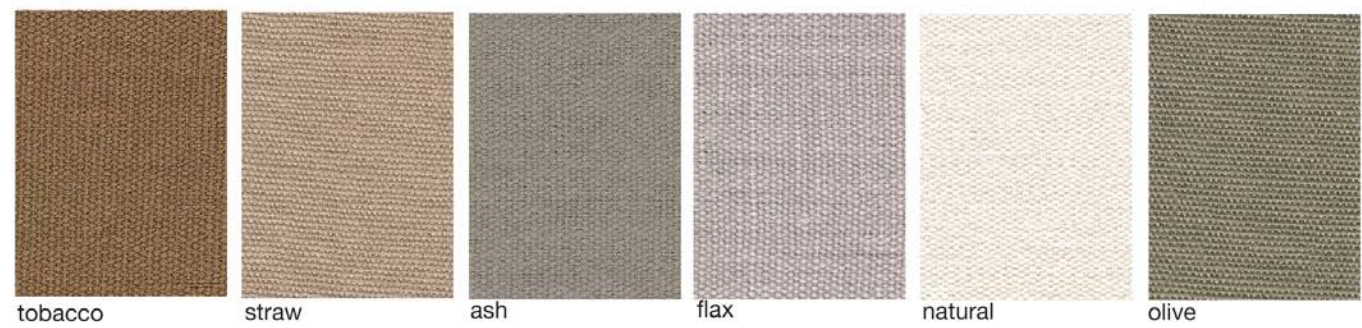

Diablo is a natural full aniline leather from Italy on English hides. Diablo has a soft, clear waxy top that is complemented by a beautiful polished surface that provides rich transparencies throughout the hide, creating the look and feel of true calfskin.

Canvas - included in net pricing

Hemp Canvas - this fabric has a linen like texture and feel

Outdoor – Richard Frenier Sailcloth by Sunbrella
